

## HCTF Acquisitions FAQ Page - Survey Apply System

New for 2021/2022, applicants will submit their grant applications via the new Survey Apply online grant management system.

### General FAQ

#### 1) How do I access the Survey Apply System?

You can access the online application form at this link: [Apply Online](#)

#### 2) Why did HCTF decide to move to a new system?

The new cloud based Apply system will provide significant improvements by streamlining workflow and adding automated services to increase convenience for applicants. We are very excited to integrate this new system to save everyone time and add more clarity and functionality to our application processes.

#### 3) Do I need to use the online system, or can I submit my grant application another way?

The only way to apply for this grant is through the new Apply system. If your project is approved for HCTF funding, you will continue to use this system throughout the lifecycle of your grant.

#### 4) Will the system time-out if it's been inactive for a period of time?

The system doesn't have a set time-out period, but you should always save if you need to pause your application.

#### 5) Does the new system work on any browser?

We recommend using Chrome or Firefox for best results.

#### 6) How to ensure emails are received from SurveyMonkey Apply?

Allow-listing emails ensures that any emails sent from SurveyMonkey Apply are correctly delivered to your inbox. If you are having trouble receiving emails from an Apply site:

- Check to see if **noreply@mail.smapply.net** has been added as a safe sender on your email inbox.
- If you have a custom domain, for example under your organization or school, we recommend reaching out to your IT department to ensure the emails are not being blocked on a domain level.

You can provide your IT department with the following details:

Email addresses to be allowlisted/added to safe sender lists:

- grants@hctf.ca
- educationgrants@hctf.ca
- noreply@smapply.net
- noreply@mail.smapply.net

## Completing Application FAQ

10) What if I do not have time to finish the online application once I start? Or what if my computer crashes while I am filling it out, will I lose everything?

You can select the **Save** button at the bottom of the application form at any time during the application process. This will save any information you have entered up to that point. You can return later to complete and submit your application. The system will automatically save on a regular basis so depending on when the last save happened, you should be able to access your partially completed proposal.

*Note: If you have not completed all the required fields on a page you will not be able to proceed. To avoid losing any work completed, please ensure you fill in all the required fields before you attempt to navigate away from that page.*

11) Who do I contact if I have trouble completing my application?

For technical system issues please contact Survey Apply directly at this link: [Apply Customer Support](#). From within the Survey Apply site you can click the “i” icon on the top right of the page and navigate to the **Help center** for useful instructions or click **Contact support** for any technical issues.

For any other concerns please contact [lisa.wielinga@hctf.ca](mailto:lisa.wielinga@hctf.ca) if you require additional assistance. It's best to become familiar with the new system several days before deadline day because deadline day is often very busy with questions and there could be a delay in our response time.

12) Can I invite one of my colleagues to work on the same proposal I am currently working on?

Within the application on the left side of the screen, click the **Add Collaborators** button. Upon doing so you can enter the email address of the collaborator you are adding, set the permissions of the user to “View & Edit” or “View Only” and provide an optional message to the collaborator.

Once the invite is sent, the collaborator will receive it at the email provided by the applicant. Within the email, the collaborator will be able to *Join* the application or *Decline* the invite. Upon clicking **Join Now** within the email the collaborator will be able to either Login or complete the registration process, depending on if they already have an account. Once they have logged in, they will be successfully added as a collaborator to the application.

*Note: Collaborators are not able to submit the application – the proposal can only be formally submitted by the account holder that initially created the application.*
